

I-Pad mini Holder for Cessna Sovereign

I-Pad mini holder for Cessna Sovereign comes with an integrated charger and an optical indicator for charging level.

I-Pad mini holder will be fixed where the notepad holder previously was attached at the control yoke. With an open end cable it will be connected to the existing 28V power connector of the aircraft. Set up time is approximately 15 minutes.

I-Pad mini holder is milled from a solid aircraft aluminum block. Because of the used materials the ***I-Pad mini holder*** can be certified. The powder coating in cockpit color is scratch resistant.

Several of our customers are using the ***I-Pad mini holder*** successfully and they are completely satisfied.
